

**Curiosity Tasks
with Sparks class**

Our topic is called 'eco-travellers'.

A line of red double-decker buses is parked on a paved area. The bus in the foreground is in sharp focus, showing its front grille, headlights, and destination sign. The destination sign displays the number '59' in a green box, the word 'MARBLE ARCH' in yellow, and 'MOUNT CHARLES' in green. The license plate at the bottom of the front of the bus reads 'GUY22C'. Behind it, several other similar red buses are parked in a row, gradually becoming out of focus. The background consists of green trees and a clear sky.

**This week
is all about
buses.**

Curiosity Task 9

1. I can make a 100 decker bus.
(If you can find enough boxes).

2. I can make a map of the journey that the 100 decker bus went on. I can include landmarks.
