How to use SeeSaw Mobile/Tablet Version

1. Search for SeeSaw in the app store and download 'SeeSaw learning journal'
2. Use your password which I sent to you in teams to login by clicking 'I'm a student'
3. Follow the following steps to upload work

1

This is where you will see your learning journal
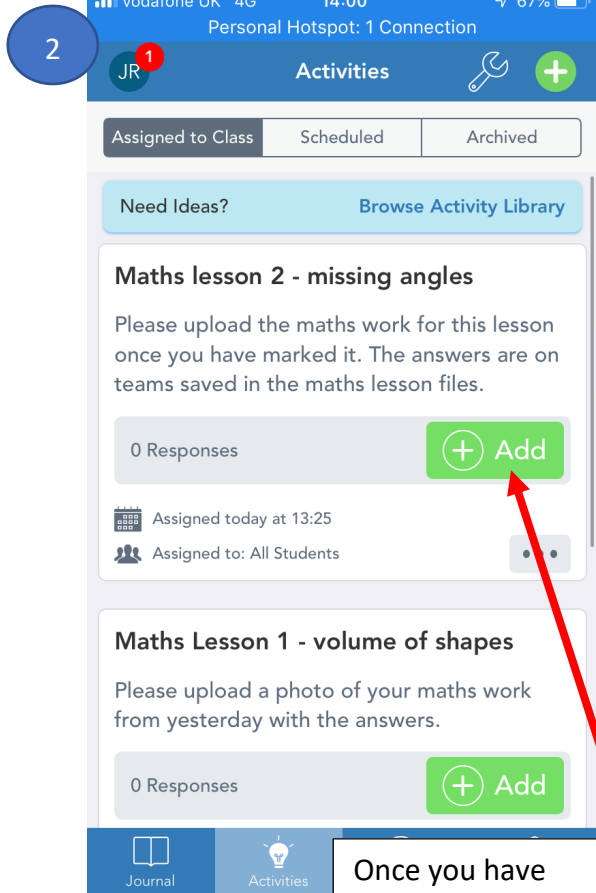

This is where you can get back to your learning journal

This is where you will find assignments set – click here to get to assignments.

Any messages will come up here.

2

Maths lesson 2 - missing angles

Please upload the maths work for this lesson once you have marked it. The answers are on teams saved in the maths lesson files.

0 Responses   + Add

Assigned today at 13:25
Assigned to: All Students
